

JOIN OUR SUMMER CIRCLE! BUILDING A COMMUNITY OF CONNECTION AND IMPACT: REFLECTIONS ON MTSS AND MORE

2020 - 2021 COMMUNITY OF PRACTICE MONTHLY VIRTUAL SERIES

As the school year winds down, this session will provide a space for connection, reflection, and consideration about how to move forward with intentionality and purpose. Participants may share challenges and successes, as we review how individuals and communities have been impacted throughout this year. The group will explore key learning experiences and meaningful takeaways that will be pivotal in shaping the year ahead.

Participants can expect to:

- Participate in a Circle experience, where each person can share meaningful reflections about the past year and the future.
- Discuss elements of the MTSS framework that are essential within their role and community.
- Identify personal and/or professional goals for the 2021-2022 school year.
