Integrating Community Schools and MTSS Community of Practice:

Strengthening Data, Systems, and Practices to Support Students, Staff, and Families

Continuing the Conversation: Implementing an Expanded MTSS Framework using a Community Schools Approach: Meeting the Needs of Youth, Families and Staff

Using tools and templates, Ali will help us delve into our own systems, practices, and data to discover pain points and areas to strengthen. Participants will leave this session with a strengthened balcony view as well as action steps for improving implementation to achieve desired outcomes.

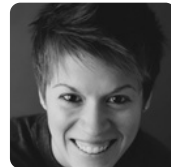

Participants can expect to:

- Describe the critical features of an expanded MTSS framework
- Describe key characteristics of Tier 1, Tier 2, and Tier 3 within an expanded MTSS framework
- Increase their understanding of how students, families, and staff can transition through the tiers of support, will reflect on their current criteria and processes and identify areas for growth

November 12, 2021
