

Topic	Designing a Newcomers Program for Families and Students
Definition/Overview	<p>The U.S. Department of Education defines a newcomer as “any foreign-born students and their families who have recently arrived in the United States.”</p> <p>Newcomers are typically part of one or more subgroups, which will influence their strengths and needs. These subgroups can include: asylees, refugees and unaccompanied youth, among other groups.</p> <p>Colorín Colorado states that “newcomer programs offer an opportunity for immigrant students to have their linguistic, social, and cultural needs met since in some cases, traditional English as a second language and bilingual programs are not designed to address those particular needs.”</p> <p>Typical features of a newcomer program include:</p> <ul style="list-style-type: none"> ● Native language and literacy skill development ● English language and literacy skill development ● Culturally-relevant content area instruction ● Assistance with acclimating to the school culture and schedule ● Family training on navigating the American education system
Fast Facts	<p>Research has shown the effective features of newcomer programs to include:</p> <ul style="list-style-type: none"> ● Flexible scheduling of courses and students ● Careful staffing plus targeted professional development ● Basic literacy development materials for adolescents and reading interventions adapted for English language learners ● Content area instruction to fill gaps in educational backgrounds ● Extended time for instruction and support ● Connections with families and social services ● Diagnostics and monitoring of student data ● Transition measures to ease newcomers into the regular school programs or beyond high school <p>(Short, D. J., & Boyson, B. A. (2012))</p>
