

Spring Series: SEL and CR-SE for Community Schools Leaders

Join us for one or both of these virtual sessions, connecting the core ideas of **Social Emotional Learning** and **Culturally Responsive-Sustaining Education** to Community Schools initiatives. Each session will include relevant content as well as time for reflection and collaborative discussion among participants.

*These sessions are free to attend and offered virtually via Zoom.

Social and Emotional Learning

This session connects SEL to positive youth development, character education, and meaningful relationships, all relevant to folks working in Community Schools and supporting students. Grounded in a dominant framework from the Collaborative for Academic, Social, Emotional Learning, better known as CASEL, the interactive workshop unpacks the “CASEL 5” competencies, reviews the NYSED SEL Benchmarks, and provides resources and tangible practices for implementation.

Tuesday, May 7th:
10:00 - 11:30 am

Culturally Responsive-Sustaining Education

This session will provide an overview of Culturally Responsive- Sustaining Education, highlighting key elements of the NYSED Framework, as well as ideas for expanding mindsets and practices. Participants will first explore the foundational ideas behind CR-SE, then discuss ideas for individual and programmatic growth, in an effort to create more inclusive and engaging spaces for diverse populations.

Tuesday, May 14th:
10:00 - 11:30 am
